### **Actions in case of fire:**

**For your safety:** It will take you only a few minutes to read the instructions that are vital in an emergency. We hope they will never be needed, but it is good to be familiar with them.

**Before your stay** Examine the fire-rescue ways from the apartment which are found at the entrance doors, and get to know the location of the fire extinguisher which is found at the storage by the parking lot.

**Do not forget** Do not smoke in the apartment. Smoking is prohibited! The use of additional heating/cooling devices is strictly prohibited! Turn off all electrical devices when you finish using them. In case of fire immediately inform us and if necessary call the fire department on the phone number 112.

**If there is a fire in your apartment** If it is a small fire put it out with a fire extinguisher and be sure to notify us of the event.

**If it is a bigger fire**

1. Inform us about the fire
2. Immediately vacate the apartment
3. If you need to, cover your mouth and nose with a wet handkerchief or a damp cloth and drop to your knees and stay as low as possible.
4. When you walk down the stairs, hold the railing, if you go through the smoke try not to breathe - hold your breath.
5. Keep in mind that most of the deaths of the victims are due to suffocation from smoke inhalation and toxic gases, not because of burns.
6. Do not be afraid if there is a blackout due to el. failure.

**Other important info** If you have to push through the area, where it is burning, wet your clothes to protect yourself from the possibility of catching fire. Over the head cover with a wet blanket or other wet clothing and try not to breathe, and get through the front door. If your clothes are already on fire, cover them with a blanket, towel or something else. If there is no other solution roll around on the ground to put out the fire. Do not open windows if smoke or fire are spreading from the lower floors. Stay calm, collected.

<b>Television</b>	<p>Each apartment has an earth signal and satellite television. It offers a 5 earth channels in DVB-T tuner, and more than 300 television channels on the satellite receiver, in various languages. APP1 has a digital satellite receiver separated from the television and to watch satellite TV you need to include the receiver, and the picture on the TV to switch to the HDMI input. APP2 has a TV with a built-in satellite TV and for satellite viewing it is enough to choose a signal source with satellite TV.</p> <p>Televisions have a USB 2.0 port, which allows you to view images directly from the camera, camera phone or via a USB connection.</p>
<b>Radio</b>	The radio signal can be received via a satellite receiver.
<b>Defects</b>	All defects in the apartments immediately report by phone.
<b>Inventory damage</b>	Damage inventory, caused by guests in apartments, house or plot, are charged at market prices of the new devices or damaged items.
<b>Change of sheets</b>	For guests that are staying more than 7 days, we will provide fresh sheets, pillow cases and towels every 7 days. Sheets will be delivered by arrangement with the guest and used ones guest needs take off from the bed in order to get new ones. Beneath the sheets on the bed there are additional protective covers that are secured with a rubber band and these should not be removed when replacing bedding.
<b>Pets</b>	Pets are NOT allowed in the apartments, we are hopefully you'll understand.
<b>Rules, night sleep</b>	Upon arrival guests are obliged to walk through whole inventory. For possible damage or alienation, namely charge a particular product at cost price of the item currently on the market. We expect that guests will take care of inventory. During the night rest between 22:00 and 07:00 there has to be law and order. Guests are not allowed to shout, to bang and use acoustic and other devices that would cause noise and disturbance of other guests In the event of the discovery disregard of the house rules, we reserve the right to cancel the stay. Safety and legal reasons are not permitted hosting of other guests except those who are registered, except with the prior notification and approval. Generally you please throughout the stay pay attention to the presence of the other guests in our, and other apartments, and adjust your behavior accordingly.

<b>Water</b>	Water is one of the most valuable assets, so please, save it and closes the tap. Water in Grebaštica is right for consumption.
<b>Electric power</b>	Supply voltage is 220 V. The use of own additional heaters / coolers and the like is forbidden for safety reasons.
<b>Household waste</b>	Bucket for household waste can be found at the beginning of the stairs, and garbage collection is done on Mondays, Thursdays and Saturday mornings. Note that we have to take a bucket of night before on the collection point and the same will be done after 20:00 hours the day before. Also, please do not throw liquids in the bucket. Scraps do not throw directly in the bin, but before put them in a bag or something because in summer the temperature can reach 40 degrees, and so food will stink to others, and you.
<b>Air conditioner</b>	The apartments are equipped with air conditioning and you are free to use them according to your needs. <b><u>Please keep in mind that it is strictly prohibited to use the air conditioning with the opened windows or doors because energy is precious and we need to save it.</u></b> Except that in such cases, we waste energy and pollute the environment, you will not be able to cool down the apartment, and the air conditioner is operating under heavy load and this may cause malfunction.
<b>Blinds on the windows</b>	All windows are equipped with blinds to protect against the sun. Please when shutters are not closed clip them with a clip that is provided for retaining shutters otherwise the wind could break the glass or shutters.
<b>Mosquito nets</b>	The windows in the rooms have built-in net for protection from mosquitoes. These protections are "roll-up" themselves are drawn to the top of the window. Please, when opening / closing the network and make sure you do it carefully because it is very easy to damage the net or mechanism. If you have difficulty using mosquito protection, please be free to contact us for help.
<b>Toilet</b>	Please the toilet is not for throwing anything other than toilet paper because very easily become clogged sewer or toilet themselves.
<b>Baby crib</b>	Apartments have a one baby crib so please inform us in advance to help prepare crib.
